

Propane Services Directory

Helping Your Market Find You

PROPANE GAS
ASSOCIATION OF CANADA
ASSOCIATION CANADIENNE
DU GAZ PROPANE

FREE IN 2010!

All listings are free during the introductory period, which ends on December 31, 2010. Following this date, listings will continue to be free for PGAC members, with non-members invited to participate for a small annual fee.

THE PGAC ADVANTAGE!

Other advantages of PGAC membership include attention-grabbing font, priority placement in search results and inclusion of a corporate logo, to name a few.

DIRECTORY INTEGRITY

To ensure the integrity of the data in the Propane Services Directory, listings unchanged for more than twelve months will require confirmation. Listings that are not confirmed annually through an automated email verification process will be removed.

NOT A PGAC MEMBER?

Learn more about becoming a member of the Propane Gas Association of Canada, the benefits of membership, and how the industry benefits from your participation. Contact **Linda Kool**, *Manager Member Services* at 403.543.6503 or info@propanegas.ca.

ENSURE YOU'RE LISTED!

The Propane Gas Association of Canada (PGAC) hosts an on-line *Propane Services Directory*. An industry first in Canada, it's a convenient online source for your current and potential business customers, partners, and suppliers to find out what you have to offer. And they can find your listing—or listings if you have multiple locations—24 hours a day.

It's the best way to connect with the people your business needs the most.

ONE-STOP-SHOPPING FOR EVERYTHING PROPANE

The Propane Services Directory includes a broad range of services, from residential propane delivery, appliances, equipment, refilling stations, cylinder exchange locations and propane vehicle fuel stations and conversion centres, to commercial services, cardlock and keylock locations, cylinder requalification, production, transportation and wholesale services, and associated industry services.

"Our vision for this tool is to have comprehensive listings in every category of propane-related service and in every geographic location in Canada," says PGAC President, **Ann Marie Hann**. "It's good for the propane industry when consumers can easily find information about all things propane. That's why our Directory is open to all companies offering propane products and services."

FILL OUT THE ON-LINE FORM FOR INCLUSION

Using the on-line forms is quick and convenient. Simply visit www.propaneservices.ca, use the "Add a Listing" feature to access the appropriate on-line form, complete it with your company information, and click a button to submit the information. Submitted on-line forms are processed in real-time.

If you have more than one customer location, repeat the process for each location. If you have more than TEN locations that are wholly-owned and non-franchised, an option exists to submit all locations via a single customized spreadsheet. Learn more on-line!

Being included in this directory will make business-to-consumer and business-to-business connections much faster, simpler, and more targeted. If your company serves retail propane consumers or propane industry members, make sure all of your company locations are listed!

Note to PGAC Members: Inclusion in the Propane Services Directory is not automatic with PGAC membership—you must create your listing(s) using the on-line forms available on the Directory website.
